Getting to know our Members....

Kim Mahon – Kenora Borealis President

I am the proud owner of Bearheart Kid's Boutique. I have been a member of Borealis for over 10 years. I love to bike and hate to run (this is no secret). I have 3 almost grown girls and a very supportive husband who is always there to rescue me when I end up stuck somewhere. I have been an instructor at the Recreation Center for about 10 years and do mainly spin classes, strengthening classes and step. I was a master's swimmer for many years but my crazy schedule between the store and leading classes has left no time to commit to swimming...It is greatly missed. I have competed in many triathlons over the years including a half ironman a couple of years ago.

I now enjoy volunteering at our triathlon. I'm very excited to see so many new members join on our club this year and look forward to many bike rides both short and long, fast and slow.

Let's get out there and pedal our hearts out!

Jodi Milne – Kenora Borealis Secretary

I am an administrative assistant at Evergreen School and have been there for over 7 years. To get me moving after a long day at my desk – I hit the pool. I have been a Master swimmer with the Kenora Sharks for the past 4 yrs. Swimming is what I love. I am not very sports oriented and this has been the perfect fit for me.

Through friends my interest in attempting a triathlon has grown. I do enjoy running but must admit that biking is not a favorite just yet. Looking forward to doing my first Sprint triathlon in June!

We are interested in getting to know our fellow Borealis members better

Please send a brief blurb about yourself to rjmilne@shaw.ca we will include a couple with each newsletter.

No Bake Energy Bites

- 1 cup Rolled Oats
- 1/3 cup Coconut Flakes
- 1/2 cup Nut Butter (I've used ¼ almond & ¼ peanut butter)
- 1/2 cup Ground Flax Seeds
- 1/2 cup Chocolate Chips (optional)
- 1/4 cup Honey
- 1 tsp Vanilla

Directions:

Mix together all ingredients. May take a wee bit of elbow grease but you want to make sure it is well mixed.

Chill mixture in the fridge for at least 1 hour.

Roll mixture into approx. 1" balls (the longer the mixture is chilled the easier it is to make the balls)

Makes about 20 – 30 Bites. They keep for about 2 weeks in the fridge. Enjoy!

Do you have a Power Snack/Drink that you Enjoy before/after a training session?
