The IAAF rule is 165.24 (e) which states:

(e) For all races, the time shall be converted to 0.1 second and recorded to the whole second. Allread times not ending in zero shall be converted and recorded to the next longer whole second, e.g. 2:09:44.3 shall be recorded as 2:09:45.

Note: The official time shall be the time elapsed between the firing of the starting gun (or the synchronised start signal) and the athlete reaching the finish line. However, the time elapsed between an athlete crossing the start line and the finish line can be made known to him, but will not be considered an official time. The Chip timing is provided for personal interest.
